when the day was spent, he covered the valley from Pratomagno to the great ridge with clouds, and made overcast the heaven above, so that the teeming air was turned to water; the rain fell, and to the trenches came so much of it as the earth did not endure; and as it came together into the great streams, it rushed so swift towards the royal river that naught held it. But another cleavage is worming its way into the forefront of world politics: the divide between large developed economies--such as the United States, the European Union, and Japan--and the large developing countries--such as Brazil, India, and China.
